

Château Cos Labory

2024

Château Cos Labory offers a singular interpretation of the Saint-Estèphe appellation, providing a distinct perspective on the hill of Cos.

On this north- and west-facing terroir, geological diversity and the influence of oceanic winds shape wines infused with the freshness of the nearby Atlantic.

Each vintage is a thoughtful expression of the hill's nuances, where careful plot selection and minimalist winemaking aim solely for precision and balance in the blend.

Château Cos Labory 2024 captivates with its charming character and velvety texture. Its red fruit notes and peppery touches bring vibrancy, balance, and freshness.

Deuxième année en conversion bio, 2024 est un vin élégant et équilibré, mais avec de la structure. Il est doté d'une belle rondeur et d'une finale vive et soyeuse.

JEFF LEVE
