

2019

Benefiting from the experience and expertise of Château Haut-Bailly's team, the vineyard at Château Le Pape has continued to thrive and build its unique personality vintage after vintage. The wines have gained in depth and in length, while retaining their characteristic freshness.

The detailed work of renovating the vineyard – which has been ongoing since 2012 - has once again paid off in this vintage. Limitation of yields, sustainable vineyard management and traditional tillage have encouraged the development of a deeper root structure, revealing the potential of the terroir and reducing the impacts of climatic excess (a rainy spring followed by an arid summer). These methods have allowed the vines to produce grapes with a higher concentration of phenolic and aromatic components.

As a result the wines are more and more structured and increasingly elegant, with a lovely richness.

The blend of Château Le Pape 2019 is highlighted by soft and generous Merlots with polished full tannins that offer a beautiful density.

Harvest dates:

Merlot: September 30th to October 3rd

Cabernet Sauvignon: October 11th

Blend of Château Le Pape:

80% Merlot

20% Cabernet Sauvignon
